

Sharing research knowledge from countries outside ASEAN

Ole Mark

Head of Research and Development

☺le.Mark@dhigroup.com

Is the Asean region unique ?

- The physical equations are the same
- The many similar places around The World
- Sharing research knowledge to countries outside ASEAN

Some people are already sharing knowledge 😊

How many people contributes to a network ?

Global partnerships

DHI teams up with and work in close collaboration with partners around the world: Universities, aid organisations, etc

Federal Ministry
of Education
and Research

Women's Water Fund

- Established 2007 – as an initiative benefitting from the “King Hassan II Great World Water Prize” presented to Dr. Torkil Jønch Clausen (DHI)
- Objective of the Women's Water Fund is to support women in developing countries in advancing their career opportunities in the development and management of water resources
- 30 women so far – new application round just launched

“I want to believe the two weeks in Denmark had an impact as I was promoted to be head of my department as of July 2011”

(Tracy Molefi, Botswana , Ministry of Minerals, Energy and Water Resources)

COURSES AND EVENTS CALENDAR

Our palette of standard courses allows you to build your expertise to match the requirements of your job or your organisation quickly and efficiently.

Our events take a cross-cutting view, combining decision support principles and concepts across all our areas of expertise. Our courses assist you in acquiring the skills needed to find the right solutions. That's why our courses and events are complementary and courses typically arranged in connection with our events.

Discover

- Our standard courses and events worldwide
- Our conferences and seminars

THE ACADEMY by DHI

Follow us

THE ACADEMY by DHI is all about knowledge building and sharing. With our skills development and capacity building activities, we make sure you're equipped to find and apply the appropriate solutions to your unique challenges.

To sum up on " Sharing research knowledge from countries outside ASEAN"

- An high number of knowledge sharing actions are already taking place
 - Universities, LinkedIn, Journals, The Academy by DHI, etc
- Knowledge platforms need to be found and interaction must take place
- People must meet 😊

Movies about climate change and adaptation
