

8.6 Attenuation of Pollution

- Mechanism** - Filtration removes suspended materials
- Sorption
 - Chemical process (oxidation)
 - microbiological decomposition
 - dilution

8.7 Distribution of Pollution underground

8.8 **Mass transport** of pollutants

Evaluation of Pollution Potential (**example 8.8.1**)

8.9 Monitoring Groundwater Quality

monitoring program (**any suggestions Fig 8.9.1 Table 8.9.2**)

8.10 Remediation of Contaminated GW (**p. 393**)

8.11 Conventional pump-and-treatment systems (**8.10.2**)

Containment (8.10.3)

(**sample**) Fig 8.10.1
